VOLUME I ISSUE 5

JUNE 2023

Editorial

In May we had a lot of positives. Small State branches were rejuvenated and we saw wonderful academic programs. There was a good membership drive and work on starting new centers for IMA AMS courses gathered momentum.

Our Chairman, Dr. Pankaj Mutneja visited Kashipur in Uttarakhand and Bhagalpur in Bihar and was instrumental in inspiring them to scale up their academic activities.

Our CMEs on important topics included first in the series of webinars on Fungal Infection Updates. We also had a webinar on a very common problem - Osteoarthritis Knee joints. Both were well attended and saw a good interaction between the speakers and audience.

We had inspection of new centres for IMA AMS Laparoscopy and Infertility courses and they were approved.

We participated in the World No Tobacco Day program and explained the deleterious effects of tobacco and urged people to quit tobacco.

We are indebted to our Chief Patron and visionary leader **Dr. Ketan Desai** for his invaluable guidance in taking IMA AMS to greater heights. Our National President, **Dr. Sharad Kumar Agarwal** deserves a special mention for his commendable leadership and meticulously planning the plethora of IMA activities and executing them with perfection. We sincerely thank our dynamic Honorary Secretary General **Dr. Anil Kumar J Nayak** for his constant support and help in all our programs and

Dr. Shitij Bali our Hony. Finance Secretary for the encouragement.

We are introducing a new section in this issue on newly approved drugs and hope this is beneficial for all. We thank our readers for their active participation in the Image Challenge and their feedback keeps us going.

The State Chapters are doing a wonderful job and we are happy to see the high quality of academic programs. We request them to help us with the membership drive and starting new AMS courses.

A heartfelt thanks to all the Office bearers of IMA HQs and IMA AMS for their constant support, suggestions, constructive criticism and encouragement.

Long live IMA!

Dr. Srirang Abkari
Hony. Secretary, IMA AMS

Message: Dr. Jayesh Lele, National Vice-President, IMA HQs

Dear Drs,

It is a great pleasure to send a message for the forthcoming AMS e-Newsletter.

IMA AMS e-Newsletter is published very regularly and is

found very useful by the practitioners.

Knowledge dissemination is very important these days as our medical science is growing leaps and bounds. AMS newsletter serves the need. It has articles as well as information much needed to all.

Addition of some quiz questions can be considered.

Hearty congratulations to the

entire AMS editorial team.

Best wishes for the future issues.

Thanking you,

Dr. Jayesh Lele,
National Vice- President
Indian Medical Association -
Head Quarters

Chairman Speaks

OUR DYNAMIC TEAM IMA AMS

Happy to release another issue of Newsletter. Team IMA AMS is working hard to reach to smaller branches, to promote academic activity and promote membership drive.

A few days had an opportunity to visit Devnagari in Jharkhand and met the IMA members. Later we visited Bhagalpur in remote Bihar at an IMA AMS State Conference. Dr. DP Singh along with his team had done a splendid job with the blessing of our immediate Past President Dr. Sahajanand Prasad Singh Ji.

We hope to start few more fellowship programmes like bronchoscopy and gastroscopy in coming future. Will request one and all to help in getting more members to be enrolled in IMA AMS.

Thanks

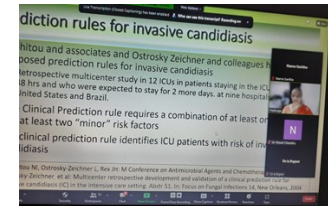

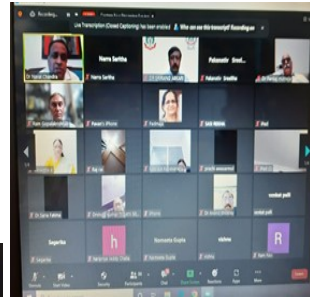

Dr. Pankaj Mutneja,
Chairman, IMA AMS Hqs
